EL RINCON , ORGANIC GUATEMALA

Region- La Libertad, Huehuetenango

Flavour notes: apricot, vanilla, chocolate, juicy

El Rincon is a 25 hectare farm situated in the corner of a valley of limestone hills, protected from warm, dry winds and climate fluctuations. The climate is very stable with high relative humidity, which, along with the chalky soils of Huehuetenango define the cup character of this farm. The farm is run by Renardo Ovalle, who has transformed the production towards quality focussed microlots, and apply organic farming principles to their production and processing.
